The Kazakhstan Institute for Strategic Studies under the President of the Republic of Kazakhstan presents the answers of Kazakhstanis to the question “What professions are most in demand in Kazakhstan at present?”

Every year on the third Sunday in June, Kazakhstan celebrates the **Medical Worker Day**. Its celebration was established by Presidential Decree in 1998. But the tradition has survived since Soviet times. It is a glorious tradition, because there is no profession in the world that plays a greater role in a person's life than that of a doctor, a nurse, and all medical personnel.

And the pandemic showed once again how **IMPORTANT** and **NEEDED** our medical care is!!!

The following are the results of a survey conducted almost a year before the spread of coronavirus. According to surveyed Kazakhstanis, the most sought-after profession in Kazakhstan is that of a doctor. This answer to the question, where respondents formulated their own answers, was given by 19.1% of respondents.
